Federal Communications Commission
Authorization and Evaluation Division

Confidentiality Request regarding application for certification of
FCC ID: W8F800939105

Pursuant to Sections 0.457 and 0.459 of the Commission's Rules, we hereby request confidential treatment of information accompanying this application as outlined below:

CONF APPENDIX Nozzle Reader BlkDia.pdf
CONF APPENDIX Nozzle Reader PartsLst.pdf
CONF APPENDIX Nozzle Reader Schem.pdf
CONF APPENDIX Nozzle Reader 2.4 GHz IntPho.pdf
CONF APPENDIX Nozzle Reader 125 kHz IntPho.pdf

The above materials contain trade secrets and proprietary information not customarily released to the public. The public disclosure of these materials may be harmful to the applicant and provide unjustified benefits to its competitors.

The 2.4 GHz and 125 kHz transmitters are covered in epoxy. Removal of the epoxy will cause damage to the circuit boards and the transmitters will cease to function, In addition the first and second sides of the enclosure are secured together by a tamperproof screw and also with epoxy. This enclosure is also used as battery pack and according to Underwriters Laboratories " Unusual Fire and Explosion Hazards: Do not charge, disassemble and do not dispose of Nozzle Reader in fire – the internal batteries may explode."

The applicant understands that pursuant to Section 0.457 of the Rules, disclosure of this application and all accompanying documentation will not be made before the date of the Grant for this application.

Sincerely,

Thank you,
